*AASM membership runs on a calendar year basis (January 1 to December 31). The AASM will charge the full amount of the annual membership dues on December 31 for next year's membership dues to the payment method provided on file. Individuals transitioning into a new membership category will be notified of the change and charged for that category's established dues rate. Members have until the second Friday of December, of the current year, to cancel their automatic renewal for the upcoming year by contacting the AASM membership department at (630) 737-9710.
