

Dr. Shannon Sullivan is a Clinical Professor at Stanford University in the Department of Pediatrics, Division of Pulmonary, Asthma and Sleep Medicine, and by courtesy, the Department of Psychiatry, Division of Sleep Medicine.

She currently serves on the American Academy of Sleep Medicine's Coding and Compliance Committee and has served as Chair of the Public Safety Committee, and Vice Chair of the Academy's COVID-19 Task Force. Research interests include the development and evolution of sleep-disordered breathing over the lifespan, and she has served as Principal Investigator for the Project Baseline Health Study, a multicenter, community-based longitudinal cohort study.
